PROFFESIONAL PROFILE

I am a BSc (Hons) Computing student at the University of Greenwich with a strong interest in cybersecurity, artificial intelligence, data analytics and software development. Alongside my studies, I have gained practical experience in web development, business operations, digital marketing and entrepreneurship. Currently serving as Chief Operations Officer at Gibbs Group (SMC) Ltd a family owned diversified business with interests in food, beverages and entertainment, I am involved in business operations, development and decision-making. I have also independently coded and developed a websites for a couple of organisations. I enjoy using technology to solve real-world problems and continuously developing my technical and professional skills. I am proactive, analytical, adaptable and driven to build a career in technology.
